In order for students to pursue their life goals, by 2020 all Jeffco graduates will be able to successfully apply the Jeffco 2020 competencies.
As we get underway in the start of the 2015-2016 school year, it is a great reminder that each new school year is a new beginning. And like every beginning, this is a fresh start with the continued opportunity to grow as individuals and as a community. We are excited about our work to implement the Jeffco 2020 Vision. Last spring, we involved multiple stakeholders in a conversation about what competencies a student graduating in 2020 from Jeffco needs to have. This vision informed the strategic plan for educating our kids moving forward. That work starts today.

It is our hope that throughout this school year and the next, our students are empowered and inspired with the knowledge and skills to pursue their life aspirations. Our teachers will feel empowered to educate and inspire students to make meaningful connections to college, career, and life aspirations. Our leaders will feel empowered and inspired to develop leadership in others. In addition, we want to see student growth and achievement move upward to surpass expectations and the fiscal health of the district continue to improve.

Jeffco Public Schools has a long tradition of quality education. This tradition provides the foundation for which to carry out the strategic work necessary to accomplish the district vision. The Jeffco 2020 Vision defines the characteristics of the fully prepared high school graduate for 2020 and beyond. This strategic plan sets priorities for the district in order to provide all students from Pre-K to 12th grade the educational experiences necessary to make progress toward the Jeffco 2020 Vision.

With the combined efforts of students, Jeffco staff, parents, and community members, great things lie ahead in Jeffco Public Schools. We are excited to work together to activate, actualize and achieve bright futures.

David M. McMurtrie

MESSAGE FROM THE SUPERINTENDENT
The Jeffco 2015-17 Strategic Plan lays out the actions that will be taken to make progress toward the Jeffco 2020 Vision:

*In order for students to pursue their life goals, by 2020 all Jeffco graduates will be able to successfully apply the Jeffco 2020 competencies: content mastery, critical thinking and creativity, civic and global engagement, communication and self-direction and personal responsibility.*

Three strategies make up the plan and include essential actions focused on specific Jeffco 2020 competencies:

**Empower to Educate, Inspire to Learn**
- Including: Habits of Success – whole child development
  - Student, Educator, Parent and Community Empowerment – active engagement in student learning

**Connect to College, Career and Life Aspirations**
- Including: Student Learning Expectations – prioritizing what students need to know and be able to do
  - High Quality Instruction – creating the conditions for engaged teaching, learning and ongoing progress
  - Multiple Pathways – ensuring access and opportunity for all Jeffco students

**Leadership Development for all Stakeholders**
- Including: High Quality Professional Learning – professional growth and leadership development
  - Continuous Improvement – commitment to Jeffco 2020 competencies for all Jeffco students

The actions within the priority strategies will be accomplished as follows:

Action steps implemented by **all schools and all departments** in the district by the end of the **2015-2016** school year.

Action steps implemented by **all schools and all departments** in the district by the end of the **2016-2017** school year.

Action steps that are future-focused next steps to be implemented by pilot schools and departments in order to identify successful practices for the district.

The Evaluation Plan (pg. 7) outlines the means for monitoring the implementation of the strategic plan and measuring the impact on student performance of the Jeffco 2020 competencies.
Habits of Success

Prioritize and develop resources and support for social, emotional and physical wellness to promote whole child development. Utilize resources/support to implement strategies/tools that support whole child development for the purpose of empowering students through active engagement, leadership and academic excellence.

Collaborate with families and community to provide opportunities to build student resilience through social, emotional and academic challenges.

Student, Educator, and Parent Empowerment

Establish feedback mechanisms for parents and other stakeholders for two-way communication about performance on student learning outcomes and whole child development. Use feedback mechanisms to optimize two-way communication about student progress and recommendations for next steps in learning.

Community Partnerships

Develop partnerships with community groups and businesses to enhance student learning experiences. Develop opportunities for students to be actively engaged in the community/world to participate and/or learn firsthand. Develop community/business participation in classrooms for authentic, relevant real-world engagement for students.

Successful implementation of this strategy will result in the following Jeffco 2020 outcomes:

Students will develop skills that empower them toward personal responsibility, academic growth and motivate them to advocate for their life aspirations.

Educators and leaders will collaborate with students, families and the community to enable student success through development of essential life skills and inspired academic learning.

Community will partner with students, educators and school/district leaders to connect school learning to real-world engagement.
**Student Learning Expectations**

Expand District Curriculum to enhance integration/emphasis on Jeffco 2020 competencies.

Develop and implement learning progressions from PreK to 12th for Jeffco 2020 competencies.

Implement prioritized learning targets for competencies that benefit all students to master.

Provide success criteria for student ownership of learning (goal setting, body of evidence, self-monitoring, self-reflection).

**Balanced Measures**

Utilize balanced assessment data to track student growth and achievement.

Provide all stakeholders with useful data on student growth, achievement and post-secondary and workforce readiness.

Provide performance assessments and alternative measures to assess student learning of the Jeffco 2020 Competencies.

**Quality Instructional Practices & Programs**

Retain and hire high quality educators who are effective in teaching mastery of content and competencies; with diverse backgrounds and experiences.

Provide learning opportunities that engage students in rigorous, flexible, original complex thinking.

Provide growth-producing feedback and learning supports that ensure students grow in and achieve the Jeffco 2020 competencies.

Utilize high quality standards-based teaching and learning strategies/tools that result in evidence-based impact on student learning.

**Recognition, Intervention and Advancement**

Provide multiple pathways of learning to ensure that all students have equity in access to, opportunity for and expectation of the Jeffco 2020 Vision.

Provide multiple pathways of learning in order to meet all students’ needs and aspirations.

Provide learning opportunities to all students that ensure authentic, relevant real-world engagement.

**Successful implementation of this strategy will result in the following Jeffco 2020 outcomes:**

**Students will** think critically and creatively in order to solve complex problems, ignite innovations and make informed decisions.

**Educators and leaders will** provide rigorous and relevant learning opportunities through multiple pathways in order to meet all students’ needs and aspirations.

**Community will** actively engage with schools to ensure students have what they need to achieve academic success and pursue their life aspirations.
STRATEGY THREE: DEVELOP LEADERSHIP FOR ALL STAKEHOLDERS
Aligned to Jeffco 2020 Vision: Civic & Global Engagement, Communication, Critical Thinking & Creativity

High Quality Professional Learning

- Provide high quality professional learning aligned to students’ needs in achieving Jeffco 2020 Vision.
- Use evaluation processes to establish priorities for professional growth that impacts student learning.
- Provide high quality professional learning that advances student use of technology as a tool for blended learning and effective communication.
- Provide evidence-based impact of professional learning on practice that increases student learning.

Leadership Development

- Provide leadership opportunities in the Jeffco 2020 work that supports educator leadership, shared leadership and school/district leadership.
- Utilize shared leadership opportunities with families and community to advance student learning of the Jeffco 2020 competencies.
- Provide learning opportunities for all students to development leadership skills through implementation of the Jeffco 2020 competencies.

Continuous Improvement

- Provide clear meaningful expectations for students, educators, leaders, schools and district staff for the Jeffco 2020 Vision.
- Improve the use of current continuous improvement strategies and tools in order to identify and expand proven practices that increase student achievement and post-secondary and workforce readiness.
- Implement evidence-based impact models that identify successful practices that can be shared throughout the district.

Successful implementation of this strategy will result in the following Jeffco 2020 outcomes:

**Students will** learn to communicate and collaborate in order to effectively engage with each other, their schools, and the larger community through service & leadership opportunities.

**Educators and leaders will** provide instructional and organizational leadership through district initiatives, ongoing professional development and a commitment to continuous improvement for student success.

**Community will** partner with students, schools and district leadership to identify successes in order to advance exponential gains in student performance.
The evaluation plan for the strategic plan outlines the means with which progress of implementation will be measured as defined by the impact on student performance of the Jeffco 2020 competencies.

**BOE Governing Statement**

Every student will be taught by an effective teacher in a school led by an effective principal so that they are prepared for continuous learning and the world of work in the changing environment of the 21st century.
