I hope all of you had a wonderful Thanksgiving break. We are ready for all-school remote learning and teachers have sent out specific information for their classroom. Communication is essential so please reach out when things aren’t going well!

**Room Parents:** We’re still looking for room parents for the teachers listed below. If you’re interested, please complete this form. A Room Parent can help teachers prepare for in-class celebrations, serves as a point of contact for the teachers if they need assistance with various things, and help communicate with other parents in the class.

**Teachers needing a room parent:** Sabo (preschool), Hulyk (kindergarten), Leibfried (kindergarten), Ellstrom (kindergarten/1st), Larson (1st), Alford (2nd/3rd), Gibson (2nd/3rd), Kenison (4th/5th), Samanic (5th), Stok (5th).

**Everything You Need to Know!**: Jeffco has all of their COVID response on this page. [Jeffco COVID-19 Website](https://jeffcopublicschools.org/technology/technical_resources)

**Student Daily Remote Schedule:** Your child’s daily schedule. Morning will be synchronous and afternoons will be asynchronous except for AMP or other pull-out groups. [Kendallvue Remote Learning Daily Plan](https://jeffcopublicschools.org/technology/technical_resources)

**Remote Parent Resources:** Please use this document for contacts and resources for Kendallvue. [Kendallvue Remote Parent Resources](https://jeffcopublicschools.org/technology/technical_resources) It is also still in draft form.

**Jeffco Schools Tech Support Tips:** This is a great resource that goes over all of the technology that your children will be using.
[https://jeffcopublicschools.org/technology/technical_resources](https://jeffcopublicschools.org/technology/technical_resources)

**Student Expectations:** Remember to review our [Online PAW Expectations](https://jeffcopublicschools.org/technology/technical_resources) to assure the best learning environment for all students occasionally.
**Technology/School Resources:** Thank you for your cooperation with the guidelines because our technology is expensive and we really need to keep it protected.

- Please set technology aside when not in use
- Do not eat or drink near technology
- Keep track of chargers for devices to avoid charges to replace them
- Take care of library/school books, set them aside when finished or not in use to avoid damage

The most expensive damages that occur frequently have been liquid spills on books and technology, and dropped technology, so please take care of school resources to avoid being charged for repairs/replacement.
